

# **CORBIN** *Swage Lube*

*Pure protection for case sizing, bullet swaging and PCP airgun slug lubrication...*

Natural compound – will NOT diesel at high pressure, like most petroleum-based lubricants

Non-flammable high pressure lubricant used by Boeing, Gulfstream and other jet makers for swaged aviation hydraulic fittings. Safe and effective for reloading and bullet swaging.

2 and 16 oz.

Corbin Swage Lube is made for bullet makers, and jacket producers. It is private labeled for leading suppliers of hydraulic fittings for jet aircraft. PCP airgunners use it for airgun slug lubrication.

*Lap gun barrels and actions  
the professional way...*

## **CORBIN** Synthetic Sapphire Bore Lap

- ❑ Smooths rifle actions
- ❑ Laps pistol slide rails
- ❑ Reduces tooling marks
- ❑ Laps gun barrels safely
- ❑ No corrosive chemicals
- ❑ No harsh auto abrasives

**Effective for removing built up moly coating which is impervious to solvent-type cleaners.**

Microscopic flat crystals of synthetic sapphire pry away surface corrosion, rust, and fouling from lead, copper, or plastic. Oil-based suspension can be left in the bore for extended periods. Remove with regular gun oil and a dry patch.

Available in 4-oz, pint, gallon,  
and 5 gallon pails. Order on  
SwageDies.com

**Cat.No. CBL-4  
4-Oz Bottle**

## **Diamond Edge**

### Sharpening and Honing Fluid

- ❑ Super-charges your whetstones and strops for a sharper cutting edge
- ❑ Reduced sharpening time for knives, chisels and other cutting edges
- ❑ Lubricates, cools, and carries away swarf
- ❑ Improves sharpening stones by adding micro diamond particles for a better edge with less effort

*Developed by the world's  
leading makers of diamond-  
lapped bullet swage dies*
